All times are local sidereal times. Dates shown are Mountain Time. The Vertical sloping line is Mountain time Midnight.

The array is in the C configuration.

Proposal numbers in parentheses are single antenna VLB experiments. See US VLB Network schedule or VLBA schedule for actual start and stop times, and for other details.

Numbers to the right of each line are modified local sidereal day numbers. They apply to the entire line.

Student time on July 5/6 and July 7 is for NRAO interns (advisor Mioduszewski).

The schedule on this side of the sheet will be superseded by the full August schedule when it appears.

Schedule originated 2009 June 19.
